

Grading Rubric for MMAMS Middle School Physical Education

For each PE class students receive a number grade on a scale of 0-5. With 5 being the ideal score and 0 being the lowest score. Scores are used to determine each student's grade. There are three (3) main areas that are covered by the daily grading rubric: participation/rules & procedures/attitude. Each area is clearly described below. Students who do not bring a complete MMAMS PE Uniform and appropriate shoes are not allowed to participate. They earn up to 2.5 points for adequately completing the non – participation assignment.

Daily Score	Rules & Procedures	Participation	Attitude
(5) Student work is beyond expectations.	During the class period follows all of the rules and procedures for the class and/or activity.	High level of participation. Always displays quality movement during activity. Excellent understanding of skills and strategies. Stays on task.. Gives top effort daily. Self motivated. Committed to improving personal fitness.	The entire class period demonstrates good sportsmanship and a positive attitude towards the activity, classmates and teacher.
(4) Student work meets expectations.	During the class period, consistently follows the rules and procedures for the class and/or activity.	Good level of participation. Displays quality movement during activity. Demonstrates basic skills and strategies of games with ease. Consistently displays daily effort and works hard.	The majority of the class period, demonstrates good sportsmanship and a positive attitude towards the activity, classmates and teacher.
(3) Student work nearly meets described standards.	During the class period, inconsistently follows the rules and procedures for the class and/or activity.	Needs some reminders to participate. On task most of the time. Performs most skills and game strategies at a satisfactory level. Puts forth minimum effort. Does not work hard enough to improve fitness level.	During the class period inconsistently demonstrates poor sportsmanship and a positive attitude towards the activity, classmates and teacher.
(1-2) Student work does not meet expectations.	The majority of the class period, does not follow the majority of the rules and procedures for the class and/or activity.	Displays poor understanding of basic skills and game strategy. Reminders to stay on task. Puts for minimum effort. Contributes little to the activity. Does not work hard to improve personal fitness level.	The majority of the class period, displays poor sportsmanship & attitude towards activity, classmates and teacher.
(0)-Student work is unacceptable.	The entire class period does not follow the majority of the rules and procedures for the class and/or activity.	Insufficient knowledge of rules and game strategies with no attempt to learn them. Avoids participation. Complains about the task. Poor effort. Little or no movement during activities.	The entire class period displays poor sportsmanship and a poor attitude towards activity, classmates and teacher.
